

PROJECT PROFILE:

CONFERENCE CENTER EXPANSION

A religious organization contracted with Raffin to provide general contracting services for a three building expansion of their religious conference center.

The 15,000 square foot expansion added 10 private bedrooms with bathrooms, 15 administrative bedrooms with common toilet rooms, classrooms, a library, living rooms, storage space and an oratory.

Working with the owner in the design phase of the project, Raffin was able to suggest cost effective design alternatives and pre-construction planning which reduced costs and minimized disruption to ongoing operations.
